The product is named as _dElight_ and has the following features :

- Chargeable with USB mobile charger.
- Li ion battery with upto three hours backup.
- Light weight, portable and handy design.

Add-on Course : Python and Raspberry Pi Pico

The Department of Electronics and Communication arranged a three-day add-on course led by industry professionals on 'Python and Raspberry Pi Pico' for S3 ECE students. The sessions were conducted by expert speakers, including Mr. Thomas Sabu from VVDN Technologies, Mr. Akhil and Mr. Mithun from Design Alpha, and Mr. Praise Varghese from Neo Green Labs. Special thanks to Tony Sir for his exceptional coordination throughout the course.

OUTCOME BASED EDUCATION

– Dr. Elizabeth Elias

The Internal Quality Assurance Cell (IQAC) at Christ College of Engineering, Irinjalakkuda, hosted an enlightening session on "Outcome Based Education" for the faculty members. The event featured Dr. Elizabeth Elias, a distinguished retired Professor from NIT Calicut and the Research Director at Christ College of Engineering, Irinjalakkuda.

The session provided a platform for in-depth discussions and knowledge sharing regarding Outcome Based Education. Dr. Elizabeth Elias, with her extensive expertise, offered valuable insights, enriching the faculty's understanding of this crucial educational approach.

Engineer's Day Chart Presentation

The Engineers Day chart presentation by RACE CCE, featuring charts created by first-year students, was a notable success. The event aimed to inform students about engineering developments and career opportunities. Kudos to student coordinators Aswathi PP and Navya Ravi, S7CE, for their excellent organization.

Engineer's Day

Dept. of **EEE** in association with BETA has conducted 3 programmes as part of Engineer's Day celebrations :
